ADMISSIONS ROADMAP

1

Entry requirements

Entry requirements are the same for all degrees.

For your application to be considered, an average grade of 7/10 (or equivalent) in the following subjects is required:

- 1) Mathematics
- 2) English
- 3) Physics/Chemistry/IT

The average is calculated based on the average grades during the final year or results in the final examinations (whichever is provided in the transcript of records; if both, whichever average is higher).

If your transcript includes letter grades or grades in a non-decimal grading system, please contact the admissions team to find out if you are eligible.

2

If English is not your first language, you need to provide evidence of your ability to understand and express yourself in English for academic purposes.

Our undergraduate courses require the following scores from international English examinations:

Academic IELTS - 4.0 overall

Pearson Test of English (Academic) - 38

TOEFL - 42

CAE - 142

If you do not have a current or acceptable score, our International Relations Office is currently offering to test your English free of charge.

Qualification recognition

To get access to higher education in Lithuania, foreign qualifications (secondary school certificates and transcripts) need to be recognised by the Centre for Quality Assessment in Higher Education (SKVC).

The recognition process is free of charge and takes one calendar month. You will need to send SKVC a completed application form, secondary school certificates and transcripts, their translations, proof of ID and proof of purpose, which is a letter you can request from us by emailing international@edu.ktk.lt

More information about the recognition procedure, exemptions and country-specific requirements:

https://www.skvc.lt/default/en/60/apply/documentation_requirements

Please take note that qualification recognition is not an automatic process. It is the responsibility of the applicant to request recognition by SKVC.

All international students from non-EU, EEA, EFTA countries require a national visa for multiple entries D. The application documents should be submitted to the closest Embassy, Diplomatic mission or Consular post of the Republic of Lithuania before arrival. The decision on the issue of visa D is usually made within 15 days.

This visa allows students to travel via Schengen area countries 3 months in each period of 6 months. It may be issued for the period not exceeding one year (12 months). Upon your arrival in Lithuania, you can obtain a temporary residence permit (TRP).
